

ABOUT ME

I am a second-year B.Tech student in Computer Science and Engineering at Babasaheb Bhimrao Ambedkar University (BBAU), Lucknow. Currently exploring the field of Data Science, I am learning Python and practising through Kaggle and small projects. I'm focusing on building strong problem-solving and programming skills while learning version control with GitHub and experimenting with basic data analysis tools. I'm passionate about continuous learning and eager to grow in the tech and data science fields.

EXPERIENCE

Campus Ambassador

Techniche, IIT Guwahati – Remote | 2024

- Promoted Techniche events and workshops among university students.
